Chair Sabrina Ashjian called the teleconference meeting to order at 1:30 pm. Melita Sagar called the roll. Panel Members Sabrina Ashjian, Diandra Bremond, Adrian Carpenter, and Sharon-Frances Moore were present. A quorum was established.
2. Approval of November 28, 2018 Meeting Minutes.

Chair Ashjian asked the Panel Members if there were any additions or corrections to the minutes of the November 28, 2018 meeting. There were no additions or corrections.

Motion (Moore): Approve the minutes of the November 28, 2019 Panel meeting as submitted. Seconded (Carpenter). Motion passed 4-0.

3. Executive Summary Report.

Executive Director Anne Hawley presented the Executive Staff Report.

Hawley will reach out to members after the Panel meeting to schedule the May meeting date. The June meeting is still scheduled for June 19.

CCAP staff have made outreach efforts, including submitting a speaker proposal for the Cannabis Business Conference. They have also reached out to several organizations to see if there is any interest in CCAP attorneys presenting to their groups. Hawley will let Panel know if there is any response.

Hawley thanked the legal team for their efforts on the regulations. CCAP’s new regulations will be effective July 1.

CCAP has been added to a CalHR regulation that will allow Panel Members to receive payouts for unused leave time. Panel Members will need to complete timesheets. Panel Member Bremond asked whether leave accrual will be prorated. Hawley said the change is not retroactive, but is effective April 10. Chief Counsel Phillips said April will be prorated, but Panel Members will receive full credit for future months.

CCAP has received purchasing authority. Hawley anticipates acquiring cell phones by the end of May.

CCAP anticipates completing its staffing toward the end of the year. Phillips said he spoke with the Department of Justice and there are no appeals forthcoming. He does not anticipate receiving appeals anytime soon.
CCAP has revised and updated its policies. Panel Members will receive a PDF copy of the revised policies and will need to sign an acknowledgement sheet.

Hawley said CCAP will know in late May when construction will begin on CCAP’s new office space. The move-in date is still September, but she will advise the Panel of any changes.

Hawley described CCAP’s budget-to-actuals report. CCAP’s fiscal health is still very good. The biggest expense is “personal services,” or CCAP personnel. Hawley noted that the numbers in “budget” area of spreadsheet are flexible. The submitted budget includes anticipated ProLaw costs.

Panel Member Bremond asked if any remaining budget balance will roll over to the following year. Hawley said she believes it will, but she will check and report back. No questions from the Panel. No questions from the audience.

Chief Counsel Phillips presented Delegation Resolution 19-01, authorizing acquisition of the ProLaw case management system.

Phillips explained that ProLaw is a case management software system already in use at other state agencies. It will streamline many office functions. CCAP staff has submitted Delegation Resolution 19-01 because the one-time acquisition costs will exceed $10k authority and there will be additional recurring costs. The costs cited are maximums. The maximum one-time cost is $116,790.40, with about $66,000 annual cost. These totals include hourly training; existing legal staff already trained should reduce the costs. CCAP does not have much data to incorporate, which will further reduce configuration costs. Chair Ashjian asked if other systems were considered. Phillips said staff brainstormed similar systems, but based on staff experience, ProLaw was the best fit. Bidding was unnecessary because ProLaw is a proprietary software.

Executive Director Hawley added that other agencies use ProLaw.

Panel Member Carpenter added that she is familiar with ProLaw and that it is the preferred case-management system in the state.
Motion (Bremond): Approve Delegation Resolution 19-01. Seconded (Carpenter). No comments from Panel Members or the public. Motion passed 4-0.

5. **Authorization of Commercial Lease.**

Executive Director Hawley discussed the proposed commercial lease. CCAP’s current lease expires April 30. Completion of CCAP’s new office space at 400 R Street is delayed until at least September 2019. The Department of General Services (DGS) has offered a new lease for the current office space through October 31, with favorable terms.

Chief Counsel Phillips confirmed that the proposed commercial lease offers excellent terms and flexibility.

Panel Member Bremond asked if the future office space will allow for televised meetings. Hawley said she is unsure, but will check. Phillips said he believes the build-out will include such capability, but CCAP will need to purchase equipment. Hawley said she will review the architectural revolving fund balance and the cost of such equipment. Phillips noted that the new commercial lease exceeds the $10,000 purchase delegation and therefore requires Panel approval.

Motion (Moore): Approve proposed commercial lease. Seconded (Carpenter). No comments from Panel Members or the public. Motion passed 4-0.

6. **Public Comments on Items Not on the Agenda.**

Chair Ashjian warned any comment should not involve pending or future appeals. No comments from public.

7. **Future Agenda Items.**

No comments from Panel Members or the public.
8. Adjournment.

Motion (Bremond): Adjourn the meeting. Seconded (Carpenter). Meeting adjourned at 2:05 p.m.

TIMING OF APPEALS

As of today, no appeals have been filed by an annual license holder at the Office of Administrative Hearing. CCAP staff continue to monitor this closely and do not expect to receive cases until the fall/winter of 2019, at the earliest.

BUDGET-TO-ACTUALS FY 2018/19

*Please see attachment 3.2*

The fiscal health of CCAP continues to be in excellent condition due to the cost savings of the following vacant positions: panel member (Assembly), legal secretary, legal assistant, and office technician.

According to the budget-to-actuals report provided by the Department of General Services, CCAP’s remaining balance as of May 31, 2019 is the following:

- $2,676,000   FY 18/19 Appropriation
- $1,472,869   Expenditures as of 5/31/2019
- $1,203,131   Remaining balance FY 18/19

A portion of the remaining balance will be put towards the case management system (see Agenda Item 4) and the computer/IT equipment that will be discussed in Agenda Item 5.
QUESTION OF ROLLOVER FUNDS

At the April 2019 panel meeting, the question was posed as to whether unspent FY 18/19 funds could be “rolled over” to the following fiscal year.

Appropriations made by the Budget Act are available for encumbrance for one fiscal year and two subsequent fiscal years to expend and liquidate any encumbrances made in the first fiscal year. In other words, if a contract for services and/or products is agreed to in FY 18/19, those funds may be expended until June 30, 2021. This date is the State Controller’s Office (SCO) “reversion date,” but these funds do not rollover to future years, unless specified by the Legislature.

Any unused funds will be transferred to General Fund by the State Controller’s Office on June 30, 2021.

STRATEGIC PLANNING / IMPROVE WORK FLOW PROCESSES

On July 17th, a strategic planning session for CCAP staff will be led by the Department of Consumer Affairs’ SOLID Planning Unit. The purpose will be to identify CCAP’s strategic goals and objectives, mission, vision, and values.

A subsequent strategic planning session for CCAP Panel Members will be scheduled for September to gain your input, and to review the strategic plan. This meeting will be agendize to meet Bagley-Keene requirements.

On July 30th and 31st, CCAP staff will participate in the Lean White Belt Training session, conducted by the California Lean Academy, which is within California Department of Human Resources (CalHR) and under Government Operations Agency’s Eureka Institute. This training will provide an overview of the fundamental concepts of the “Lean methodology” and the techniques used to eliminate waste and streamline processes.

CCAP staff will work with consultants from the California Lean Academy to identify CCAP’s workflow processes (inputs, process, and outputs) to ensure we achieve the desired results, and meet CCAP’s mission, goals and objectives.

SUBJECT: Summary of Relevant Legislative Items

AB 545
This bill would subject the Bureau of Cannabis Control (the “Bureau”) and the Cannabis Control Appeals Panel (the “Panel”) to legislative oversight in the form of sunset review. The purpose of this bill is to provide appropriate legislative policy committees with a periodical review of the Bureau and Panel to assess their effectiveness and performance.

According to the author, the bill would place the Bureau and the Panel under the same sunset process for legislative oversight that currently exists for every other board and bureau under the Department of Consumer Affairs (DCA). The author indicates that while the legislature already has the authority to conduct oversight hearings and make inquiries to the Bureau, the process is less structured and comprehensive than a standard sunset review. The author argues that subjecting the Bureau and Panel to the structured sunset review process “will serve as a more effective and less disruptive method of overseeing and supporting the state’s continued licensure of cannabis businesses.”

This bill would produce no direct fiscal impact. However, sunset review reports are thorough and would inevitably increase the workload demand on existing CCAP administrative staff.

BUDGET TRAILER BILL
This bill would specify that the Cannabis Control Appeals Panel is established in the Business, Consumer Services, and Housing Agency. Additionally, it would create an exception to a Bagley-Keen requirement by authorizing the panel to hold a closed session for the purpose of holding a deliberative conference after a hearing.

Additionally, this bill would add section 26031.5 to the Business and Professions Code to authorize a licensing agency to issue an administrative citation to a licensee or unlicensed person for any act or omission that violates the cannabis laws. These administrative citations can be contested via administrative hearing in a manner identical to the first-level appeal process already in place for enforcement actions taken against annual licensees and for the denial of a license application.

AGENDA ITEM 4

AUTHORIZEDIZATION OF PROCUREMENT – CASE MANAGEMENT SYSTEM
SUBJECT: Proposed Delegation of Limited Purchasing Authority to Executive Director.

BACKGROUND:

Business and Professions Code section 26041 requires that “[t]he director shall furnish the equipment, supplies, and housing necessary for the authorized activities of the panel and shall perform such other mechanics of administration as the panel and the director may agree upon.”

At the April 29, 2019, Panel meeting, the panel adopted Delegation 19-01. Delegation 19-01 provided that the Executive Director shall have purchasing authority for the ProLaw case management system. After the panel meeting, CCAP staff was made aware of two alternative case management solutions, specifically LegalStratus and Salesforce. After reviewing the capabilities of LegalStratus and Salesforce, staff determined both products are superior to ProLaw. Attachment 1 provides a capabilities comparison between the three products, and Attachment 2 provides a cost comparison.

ANALYSIS:

Pursuant to Business and Professions Code section 26041, the Panel has the authority to delegate purchasing authority to the Executive Director. On October 17, 2019, the Panel voted to delegate purchasing authority to the Executive Director for “any single item up to $10,000.” The Panel retains sole purchasing authority for transactions exceeding that amount.

“LegalStratus” is a case management software system offered by Arbola. LegalStratus is a full-featured matter management solution that operates on the Salesforce platform.

The total one-time cost for acquiring and implementing LegalStratus is $177,280. This exceeds the Panel’s existing delegation of purchasing authority. Staff has determined that a one-time delegation of purchasing authority to the Executive Director is therefore warranted. Staff proposes the following delegations:

1. The Executive Director shall have purchasing authority for the license acquisition, installation, configuration, and training associated with implementing the LegalStratus case management system.
2. The Executive Director shall have ongoing purchasing authority for the maintenance, support, hosting, and other necessary recurring costs associated with the LegalStratus case management system.

BUDGET AND FISCAL IMPACTS:

Adopting the proposed delegation will authorize the Executive Director to enter into a purchasing contract that will have a significant impact on the Panel's budget. Additionally, LegalStratus will entail ongoing, albeit significantly smaller, costs for maintenance and subscription fees.

LegalStratus itself will streamline the production and organization of documents, and will allow for quick, user-friendly production of detailed administrative reports. This will improve efficiency and oversight, reduce paperwork errors, and eliminate the need for cumbersome ad hoc case management systems. This will reduce personnel costs.

BENEFITS AND RISKS:

Effective management of case files is essential to the Panel’s decision making and operations. Failure to adopt this resolution will require Panel staff to rely on inferior or ad hoc case management systems, or on a lower-cost case management system that cannot meet the Panel’s unique quasi-judicial needs. This will put additional burdens on legal and administrative staff and could result in costly paperwork errors. An ad hoc or non-customizable case management system would also reduce the ability of legal staff to quickly and accurately review specific documents or portions of the administrative record, potentially leading to less thorough legal analysis of individual cases.

ATTACHMENTS:

1. Capabilities Comparison
2. Cost Comparison
3. Proposed Delegation Resolution 19-02 for LegalStratus
4. Proposed Delegation Resolution 19-02 for Salesforce

RECOMMENDATION:

 Approve the Proposed Delegation Resolution 19-02 for LegalStratus case management system. Alternatively, should the Panel determine Salesforce is the better option, staff recommends approving Proposed Delegation Resolution 19-02 for Salesforce case management system.

and/or publish reports for general use. Reports can be exported to Excel. Users can subscribe to reports to receive them daily or weekly via email.

- **Dashboards**: In Legal Stratus, Dashboards are an amalgam of reports and can be configured by administrators and individuals.

- **Analytics**: Einstein Analytics offers analytical and “point-in-time” reporting. Dashboards created with Einstein Analytics are interactive and enable users to select options to see different views of information. For example, buttons that allow users to see total spend by year, practice area or matter type. The creation of Einstein Analytics reports, and dashboards are available upon the activation of an Einstein Analytics license and does not require the creation of a “universe”, stored procedures or knowledge of SQL. Einstein Analytics licenses are sold as separate licenses.

<tbody>
<tr>
<td>7c. <strong>Data</strong> - What key performance indicators can be tracked by your product? CCAP is particularly interested in tracking workload by attorney, matter/case aging, and difficulty of cases.</td>
<td>See examples above. Key performance indicators can be identified in any of the reports or a report can be specifically tailored to capture particular KPI data. Tracking of data is one of Salesforce’s strengths. Everything in the system is tracked and is available to report on and audit. 1. Case creation 2. Last case interaction 3. Case aging</td>
</tr>
<tr>
<td><strong>8a. Intake Portals</strong> - Could an online portal be developed for use by parties on CCAP's website that would be linked to your product's backend?</td>
<td>LegalStratus comes with several portals. During implementation, the portals will be configured to meet the functional needs of CCAP. CCAP branding can also be integrated as well as the ability to embed LegalStratus web intakes from the existing CCAP website. Yes, a self-service portal is easily configurable in order for parties to upload information. No.</td>
</tr>
<tr>
<td><strong>8b. Intake Portals</strong> - What is the timeline for development and implementation of an intake portal?</td>
<td>Since LegalStratus comes with the portals, it is typically just a configuration. The portal can be implemented for use in Production within just a few days, depending on requirements. This would be dependent on CCAP's requirements and the skill of the SI. This is typically measured in hours or days and not months. No.</td>
</tr>
<tr>
<td><strong>8c. Intake Portals</strong> - Cost for development?</td>
<td>N/A</td>
</tr>
<tr>
<td><strong>9a. Searchable Database</strong> - What is your product's capability to create a searchable database for CCAP's external website?</td>
<td>LegalStratus comes with a powerful search engine. The limitations of what data CCAP would like to make available would be defined during requirements gathering and administered by the security design and profiles that are ultimately implemented. Everything in the Salesforce platform is searchable. None.</td>
</tr>
</tbody>
</table>
**10a. Deadline Dependency** - The CCAP briefing schedule has dependent deadlines based on when certain documents are filed. For instance, the opening brief is due no more than 30 days after the administrative record is filed. The opposition brief is due 15 days after the opening brief is filed. If the opening brief is filed less than 30 days after the administrative record, the opposition brief will not be due 45 days after the administrative record (as is the case in superior court), but 15 days after the opening brief.

Does your product support automated deadline setting based on this scenario or will briefing deadlines require manual calculation and input?

**11a. Task assignment** - Can your product track “who” and “when” a task is completed?

Yes, as well as send off alerts via email or push notifications when a task is completed or moved to a different stage.

Yes, everything is tracked based on the customer's needs or requirements.

Yes. Within ProLaw, staff can assign tasks to specific individuals. ProLaw will send automatic task notification emails and set Outlook reminders for the assigned employee. Any member of CCAP staff can quickly discern who is handling a specific matter.

**11b. Task assignment** - Can your product generate “cascading” tasks for other users (legal secretary...etc)

Yes, the LegalStratus Event Rules engine can generate cascading tasks that can be dependent on other tasks or events.

| **once other tasks are completed by the attorneys?** |
| **12a. Matter/case numbering - How customizable is the matter/case numbering system for your product?** | LegalStratus can be set up to assign alphanumeric case/matter numbers automatically by a custom formula. Case numbering can be easily customized based on requirements and this is a native function of Salesforce. Salesforce applications can be accessed anywhere anytime on any computing device that supports modern web browsers. For security purposes this would be "locked down" so only authorized users can access the site. No information provided. |
| **13a. Mobile access – Can you product be accessed remotely via a laptop?** | Yes, LegalStratus can be accessed by any device with a supported web browser. No information provided. |
| **13b. Mobile access - If so, any specific VPN or browser requirements?** | None. Salesforce supports modern browsers. No VPN required. Only a modern web browser like Safari, Chrome, MS Edge. No information provided. |
| **14a. History of edits/reversion functionality - How do you the track history of any changes made on matters/cases?** | CCAP can track up to 20 fields per object. LegalStratus offers an add-on from Salesforce called Shield that increases the number of fields that can be tracked in the system. Tracking and auditing is native to the platform. Salesforce has extensive auditing capabilities. ProLaw ensures that only the most recent version of a document is active and editable, but that previous versions are retained and immediately available for reference. This feature allows the CCAP legal team to collaborate on multiple drafts of complex, evolving documents while minimizing errors and eliminating confusing file naming conventions. See above. |
| **14b. History of edits/reversion functionality - What is the reversion functionality in the case of unwanted changes in a document?** | With document version control, a complete history of changes can be tracked and reversed by going back to earlier versions. A document compare function can highlight changes and allow users to reverse edits selectively. Salesforce has native ability for reversion. See above. |
| 15a. **Timing** - What are the estimated timelines for the development, configuration, and implementation of your product for CCAP? | Typically, a new implementation of similar size and scope will run from 3 to 4 months depending on complexity. | Based on requirements as explained to Salesforce, the estimate is 4 to 6 months. This is dependent on the SI chosen to deliver the system. |

AGENDA ITEM 5

AUTHORIZATION OF CONTRACTS FOR FISCAL YEAR 2019-20
SUBJECT: Authorization of Contracts for Fiscal Year 2019-2020

BACKGROUND:

Business and Professions Code section 26041 requires that “[t]he director shall furnish the equipment, supplies, and housing necessary for the authorized activities of the panel and shall perform such other mechanics of administration as the panel and the director may agree upon.”

ANALYSIS:

Pursuant to Business and Professions Code section 26041, the Executive Director is required to “perform . . . [the] mechanics of administration as the panel and the director may agree upon.” Information technology (IT), human resource management (HR), budgeting, accounting, procurement, website management, and phone services are all “mechanics of administration” as contemplated by section 26041.

Due to the limited staff size of the Panel, the aforementioned “mechanics” must be accomplished in part through inter-agency contracts. Larger agencies and departments have dedicated, specialized staff that can assist Panel staff in performing necessary business tasks. Accordingly, staff proposes the following action:

1. The Panel approves and accepts the terms of the inter-agency contract with the Department of Business Oversight for IT Goods and Services FY 2019/2020 for $60,000.00 and FY 2020/2021 for $60,000.00. This is a three (3) year contract executed in fiscal year 2018/2019.
2. The Panel approves and accepts the terms of the inter-agency contract with the Department of General Services for on-going and as needed Human Resource services FY 2019/2020 for $30,802.50. This is a one (1) year contract to be executed upon Panel approval.
3. The Panel approves and accepts the terms of the estimated inter-agency contract with the Department of Consumer Affairs for Information Technology and Administrative Services for FY 2019/2020 and FY 2020/2021. This is a two (2) year contract to be executed upon delivery by the Department of Consumer Affairs:
a. Administrative Services
   i. Strategic Planning ($3,080.50)
   ii. Translation Services ($4,744.74)

b. Information Technology Services which includes phone installation and maintenance, and web development, maintenance and support. ($40,000 -- This is a conservative estimate based on the previous contract, Attachment 3, and the anticipated services to be provided.)

Additionally, section 26041 mandates that the Executive Director “furnish the equipment [and] supplies” necessary for the Panel. Computers, printers, paper, pens, and other office tools and supplies are all “equipment and supplies” as contemplated by section 26041.

Currently, the Panel has no computer equipment of its own. Panel staff have been using borrowed equipment from the Department of Business Oversight for the conduct of all business. Now that the Panel has purchasing authority, it is necessary to purchase computers for Panel members and staff. By utilizing a state-wide leveraged procurement agreement, CCAP can acquire the necessary computers at a significant cost savings. Accordingly, staff proposes the following action:

4. The Panel approves proposed Delegation 19-03 for the acquisition of computer equipment.

BUDGET AND FISCAL IMPACTS:

The proposed inter-agency contracts were foreseen as necessary and their fiscal impacts have already been included in the Panel’s budget for Fiscal Year 2019-2020.

BENEFITS AND RISKS:

IT support, HR, procurement, website management, and phone services are all business necessities required for the Panel to successfully achieve its mission. Engaging other state agencies and departments to assist in performing these functions allows Panel staff to leverage subject matter experts as needed. Computers are an absolute necessity for the Panel to function. Approval of the purchase order will allow the Panel to acquire the computers necessary to achieve its mission.

Failing to engage in these inter-agency contracts will significantly impair the Panel’s ability to operate successfully. At its current size, the Panel has one staff member dedicated to administrative functions. If the Panel was unable to leverage other state entities for their expertise, Panel staff would be forced to dramatically increase its workforce in order to address the Panel’s multifaceted needs. The resulting increased personnel costs would be excessive and unjustifiable.

3. DCA Standard Agreement from fiscal years 2017-18 and 2018-19

RECOMMENDATION:

Approve the two inter-agency contracts, the estimated inter-agency contract, and the delegation of purchasing authority for computer equipment.

a. In the event that additional work must be performed which was wholly unanticipated and is not specified in the Statement of Work, but which in the opinion of both parties is necessary to the successful accomplishment of the general scope of work outlined, the procedures outlined in this Section will be employed.

b. For each item of unanticipated work not specified in the Statement of Work, a Work Authorization will be prepared in accordance with the sample attached as Exhibit A, Attachment 1.

c. It is understood and agreed by both parties to this Contract that all of the terms and conditions of this Contract shall remain in force with the inclusion of any such Work Authorization. Such Work Authorization shall in no way constitute a Contract other than as provided pursuant to this Contract nor in any way amend or supersede any of the other provisions of this Contract.
d. Each Work Authorization shall consist of a detailed statement of the purpose, objective, or goals to be undertaken by DBO, the job classification or approximate skill level of the personnel to be made available by DBO, an identification of all significant material to be developed by DBO and delivered to CCAP, an identification of all significant materials to be delivered by CCAP to DBO, an estimated time schedule for the provisions of these services by DBO, completion criteria for the work to be performed, the name or identification of DBO personnel to be assigned, DBO's estimated work hours required to accomplish the purpose, objective or goals, DBO's billing rates per work hour, and DBO's estimated total cost of the Work Authorization.

e. All Work Authorizations must be in writing prior to beginning work and signed by both parties.

f. Personnel resources will not be expended (at a cost to CCAP) on task accomplishment in excess of estimated work hours required unless the procedure below is followed:

1) If, in the performance of the work, DBO determines that a Work Authorization to be performed under this Contract cannot be accomplished within the estimated work hours, DBO will immediately notify CCAP in writing of DBO's estimate of the work hours which will be required to complete the Work Authorization in full. Upon receipt of such notification, CCAP may:
   (a) Authorize DBO to expend the estimated additional work hours or service in excess of the original estimate necessary to accomplish the Work Authorization (such an authorization not unreasonably to be withheld), or
   (b) Terminate the Work Authorization, or
   (c) Alter the scope of the Work Authorization in order to define tasks that can be accomplished within the remaining estimated work hours.

2) CCAP will notify DBO in writing of its election within seven (7) calendar days after receipt of DBO’s notification. If notice of the election is given to proceed, DBO may expend the estimated additional work hours or services. CCAP agrees to reimburse DBO for such additional work hours.

SABRINA ASHJIAN, PANEL CHAIR
CANNABIS CONTROL APPEALS PANEL

Dated: ________________

ANNE HAWLEY, EXECUTIVE DIRECTOR
CANNABIS CONTROL APPEALS PANEL
AGENDA ITEM 6

ELECTION OF THE CHAIR
SUBJECT: Election of Panel Chair

BACKGROUND:

Panel Chair Ashjian will vacate her position as a Panel member on July 16, 2019, and Panel Member Carpenter will vacate her position on July 18, 2019. In light of these pending vacancies and the resulting lack of a quorum, the Panel should elect a new Chair.

ANALYSIS:

Section 1774 of the Government Code provides that appointments made by the Governor must be confirmed by the Senate within 365 days “after the day the person first began performing the duties of the office.” (Gov. Code, § 1774(c).) If the Senate “fails to confirm” within that timeframe, the appointee “may not continue to serve in that office, and the office for which the appointment was made shall be deemed to be vacant as of the first day immediately following the end of the 365-day period.” (Gov. Code, § 1774(c)(2).)

Panel Chair Sabrina Ashjian began performing her duties as a Panel member upon taking her oath of office on July 16, 2018. Panel Member Adrian Carpenter began performing her duties upon taking her oath on July 18, 2018. The Governor’s Office has withdrawn both Ashjian and Carpenter from the Senate confirmation process. Accordingly, Ashjian and Carpenter will vacate their Panel positions on July 16 and July 18, respectively, of this year.

Election of the new Chair is subject to the procedures outlined in the Panel Member handbook:

A member must first announce his or her willingness to be Chair. Thereafter, that member(s) can be nominated by another member to be eligible to receive votes for Chair. Another member can nominate more than one candidate. A member cannot nominate themselves. If agreed upon by a majority of the members present, a candidate can give a short statement why he or she should be elected.

Votes are made publicly, and the candidate with the most votes becomes Chair, and assumes duties at the end of the public meeting. In the event of a tie, the Secretary of the Business, Consumer Services and Housing [Agency] or his or her delegate, shall break the tie at the meeting, or in the next publicly noticed meeting. In the latter situation, the prior Chair shall retain his or her duties until the tie is broken.
The Member Handbook also outlines the Chair’s responsibilities, including coordinating with the Executive Director to stay abreast of day-to-day Panel operations; managing Panel meetings; overseeing annual review of the Executive Director; and representing the Panel before external entities as necessary. (Ibid.)

**BUDGET AND FISCAL IMPACTS:**

The election of the Chair will have no effect on the Panel’s personnel budget. While the Chair enjoys a higher pay rate than other Panel members (see Gov. Code, § 11553), that pay is already contemplated in the Panel’s budget.

**BENEFITS AND RISKS:**

The prompt election of a new Panel Chair will allow Panel staff to continue preparations for anticipated appeals in the fall and to oversee the annual review of the Executive Director.

Moreover, with three of five seats vacant, the Panel will lack the quorum necessary to elect a new Chair, or to delegate authority by vote, until new appointments are made. Given the uncertainty surrounding the timing of new appointments, the election of a Chair is necessary to keep the Panel on track to hear incoming appeals by late 2019.

**ATTACHMENTS:**

None.

**RECOMMENDATION:**

Elect a new Panel Chair pursuant to Member Handbook procedures.
